

# Grande Cache Community High School Fall Newsletter

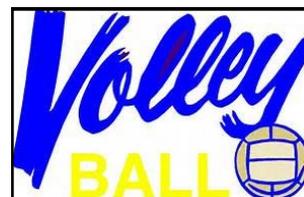

- If your child will be away from school please call the office to notify us of their absence.
- Registration forms and locker agreements were sent home with students. Please return the completed forms to the office.
- Our parking lot is a one way system. Please enter from the side closest to Catholic Church and leave from the side closest to hospital. Our new drop off lane is not accessible yet. Make sure you pull in to drop off at side walk at the far end of parking lot.

## GCCHS Sports

On September 19th, our Boys Golf Team travelled to the Senior High School Zones Golf Tournament in High Prairie. GCCHS was one of

19 school teams in attendance at the Tournament. Our team members included: Austin Brown Gr. 12, Kain Bonnett Gr. 11, Keegan Harris Gr. 10, and Ethan LeBlanc Gr. 10. Our team score was improved over last year's results and our team was just edged out by Paul Rowe High School from Manning for third place in the Boys division. Well done, Team!

Our high school girls' volleyball team heads to High Prairie to compete with schools from the northern region of Alberta over the first weekend of October. The girls have shown determination and have gained valuable experience in their recent tournaments during September.

Our Boys Volleyball Team has begun practices and will be competing in Hinton on October 14th and 15th, while the Girls will have games in Hinton as well. Good luck, Rams!

School	Golf Score
Mistassiniy	257
Ridge Valley	265
Paul Rowe High School	276
<b>Grande Cache</b>	<b>281</b>
E.W. Pratt	284
La Crete Public School	297
Peace River High School	322
St. Thomas More	331
Fairview High	349

Cross Country Runners

The students going on the Scotland/Ireland Trip in July 2017, would like to thank the Grande Cache Community for their generous support during the recent bottle drive. The funds raised from the event were over \$4000, which will help to offset the costs for this amazing opportunity for our students.

### Our GCCHS Renovation Continues

As you have seen, construction continues throughout our building to make our school a much better place for learning.

All classes are in their new classrooms and the library is up and running for our students and the community. The Montieth Construction

company has worked around the clock to keep things moving along. Over the next several months our gym and main entrance and offices will be completed. The driveway was recently paved and it will be a wonderful drop off location in the future.

It is important to know that

safety is a major priority during the construction. Please know that our students' safety is a major priority throughout this process.

**THIS JUST IN**  
 Kye Daynes finished 1st & Darrien Moberly placed 2nd in the Junior High Golf Tournament at Summitview! Congratulations boys!

## Matchy Matchy Day

On Thursday, October 20th!

We are very excited about our new Construction Tech equipment and classroom!

## Grade 9 & 10 Art Class

Check out more excellent art samples from our class @ <http://www.artsonia.com> and search Grande Cache Community High School

## Academic Counselor's Report

The current Grade 12's have had their current transcripts gone over in order to ensure that they will be in good standings for graduation. Although some parents have been contacted about concerns, the majority of students are on the right track. Grade 12 parents are asked to expect a letter to be sent outlining graduation requirements along with their students' current standing. These files will be reviewed again after the first reporting term. Many students are beginning to think about post

secondary for next year and the counseling office has been receiving information from many universities and colleges across Canada. It is important for

students to start looking early into the programs and requirements for enrollment. It is never too early for parents and students to start researching plans for

next year. Alberta post-secondary institutions are **already hosting open houses in October at their campuses.** Students who have attended these events have found them useful in helping them decide which campus they want to attend. If dates for open house events are not convenient, most schools can also arrange for individual visits.

-Ms. Kongsrud
